### Use a ring to find your ring size

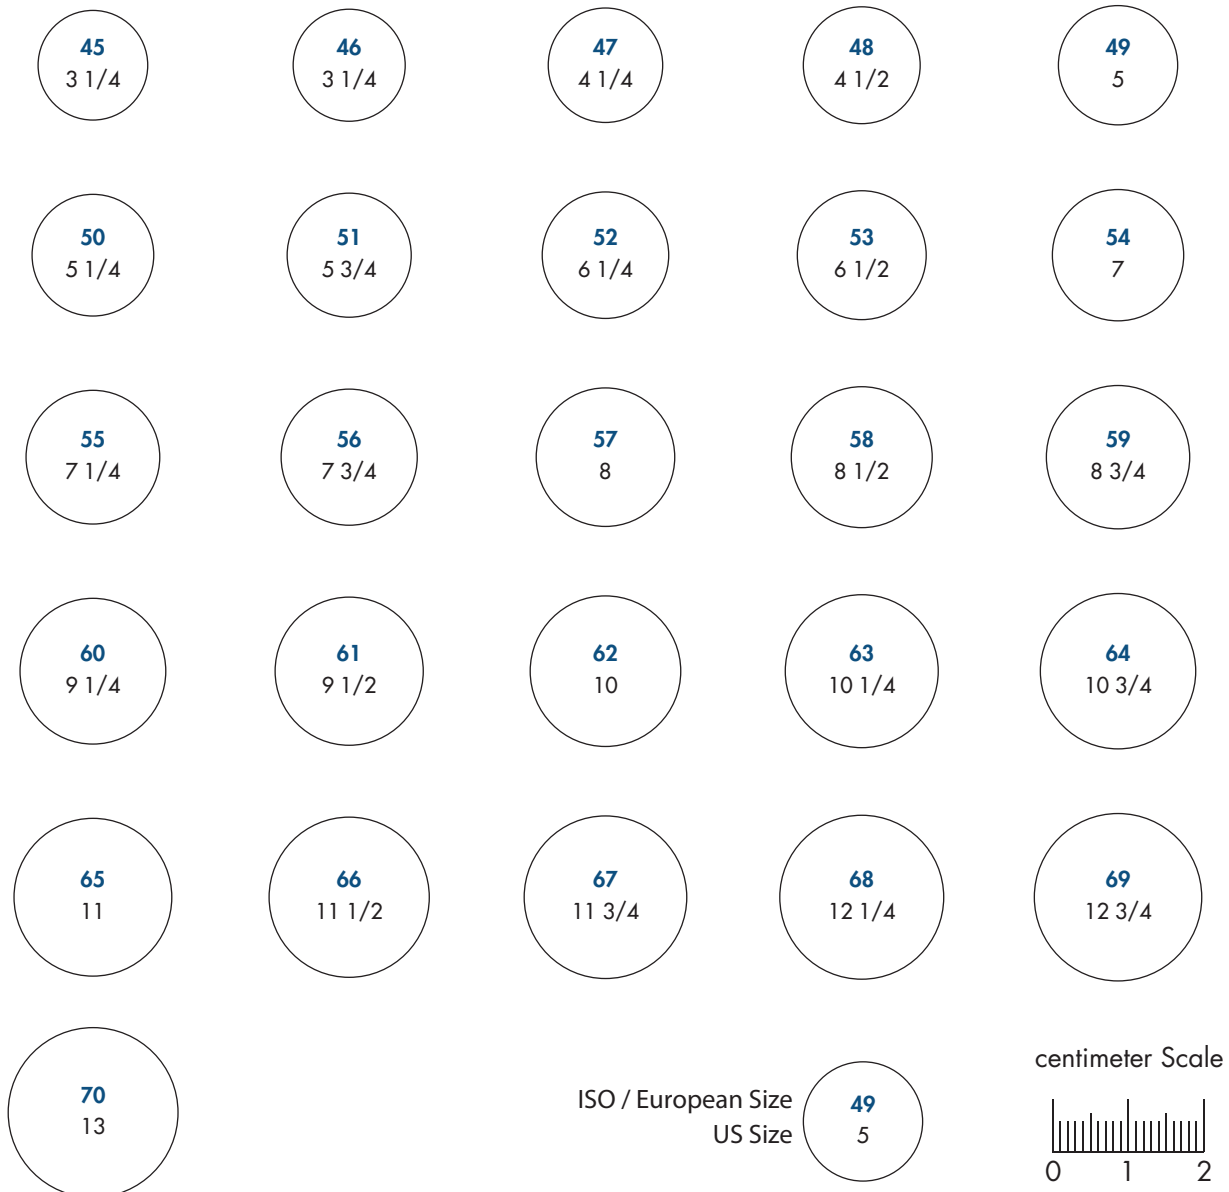

Please print out the ring sizing chart and make sure the "Scale to Fit" option is set to "None".

You can use a ruler to measure on the included 2cm scale to check if the printout is correct.

### How to find your ring size

1. Position the ring that fits your finger over the ring size circles to find the one that match your size.
2. Please note the number in Blue which is the ISO/European size and the Nova ring size to order.
3. If you are hesitant over 2 sizes, we recommend choosing the bigger size.
